Wanted: web designer

We're the UK's largest web host and we're looking for a bright, enthusiastic web designer to join the new media team in our spanking-new offices near Heathrow.

You'll be working across our three web hosting brands: WebFusion, Donhost and 123-reg. You'll be producing clean, attractive, designs which are visitor friendly.

The day-to-day tasks will include designing and building bomb-proof templates and user interfaces, as well as working on Flash banners, site changes and product updates.

You understand why accessibility, usability and compatibility are important. As a crucial member of our team, you'll champion these causes to help us improve our visitor experience and sales revenue.

You'll know a bit about search engine optimisation and be able to monitor and improve our SEO performance.

About us

Our offices are situated on Stockley Park. Just a couple of miles from Heathrow, this leafy business park is tucked away from the flight paths and puts us in a great location - we've got heaps of free parking, we're right off the motorway and we're easily reached by public transport too.

We're offering a generous salary, plus some great benefits (including private health care, company pension and life assurance).

About the job

Core functions:

- Design and build great websites and templates for our customer facing sites
- Support the development team and design intuitive interfaces for our control panels
- Produce cross-browser compatible XHTML-CSS code valid to W3C specifications
- Create compelling branded site artwork and illustrations
- Increase site traffic through the creation of compelling Flash / GIF banners
- Improve visitor experience, and sales revenue
- Assist with site and product updates
- Keep up-to-date with latest web technologies and skills (we think this is really important and will give you time to do this)

About you

Skills required:

- Expert in XHTML-CSS (table-free, valid to W3C)
- Fluent in Dreamweaver, Fireworks / PhotoShop, Illustrator and Flash
- A flair for good web / graphic design and an eye for improving web pages
- Strong artwork / illustration skills.

To apply:

If you're interested, please email your CV and a covering letter to vacancies@webfusion.com (we are an internet company, after all).

Don't forget to tell us which role you're applying for. Please include a covering letter, curriculum vitae, and some links to where we can see your work, plus your current and expected salary.
